Portfolio                                    **Patrick McMahon**                                    LinkedIn
Email                                          Vista, CA 92081                                          GitHub
                                                    760-650-6137

## Skills
**Strong**: HTML, CSS, Bootstrap, GitHub, JavaScript, jQuery
**Experienced**: WordPress, APIs (esp. Google), MySQL, PHP, ReactJS, AngularJS, Firebase, AJAX, Meistertask, PHPStorm, Photoshop, JSON

## Applications
Road Tripping (GitHub)
- a road trip app that helps you plan your trip, displays events and stops along the way, and even shows current weather conditions and at stops along the way

Find Food Fast (Live | GitHub)
- locate favorite fast food places in the direction you're going
- team of 4, created and hardcoded HTML skeleton, used CSS styling following Google Design methodology, and Google and YouTube APIs for maps and video features

Tic-Tac-Toe (Live | GitHub)
- a modern take on the classic game featuring a dynamic board size, timer, sound effects, and an optional Leap Motion VR controller
- Team of 3, created and hardcoded HTML skeleton, used CSS styling for appearance and timer, Bootstrap for responsiveness, and used jQuery for win detection, game logic, and sound effects

Memory Match (GitHub)
- A NASCAR-themed, timed game where you match the driver to his/her car
- Used HTML5 to build basic skeleton; CSS for styling and layout; jQuery for determining a match, match counts, and win determination; and event handlers for a dynamic and great game!

Guessing Game (Live | GitHub)
- a classic game enhanced with animation, a range display, a guess limit, and a range selector

## Experience
**Coastline Foods** / Assistant Manager, General Manager                    (2000-2006, 2007-2016)
Managed teams of up to 25-30 people, turned a store's performance around for Elite 8 recognition twice, analyzed reports for growth opportunities, inspection scores consistently in top 1% of all stores, rebuilt administrative system for a store

## Education
**LearningFuze** (2017), an accelerated web development program
**San Diego State University** – MBA
- worked full-time while attending

**Montana State University – Bozeman** – BA History
- academic award recipient

## Personal
I love gardening and road trips. I also enjoy reading, dogs, trying new cuisines, lateral-thinking puzzles, and silent-era movies.
